

*No Danger of Fire in McKownville With This Alert Crew on Hand*

Grass fires in the neighborhood have kept the McKownville fire force busy. The group includes Byron Snowden, Anthony [unclear], Helme, acting chief; George Gebhardt, Hadley [unclear], and Kenneth Wade.

*This is obviously a copy of an old newspaper article, date unknown. Note that firemen on a call in the 1920s and 1930s had to contend with dirt roads once off of the main roads like Western Turnpike.*
