

Locations of pipes and connections are approximate.

Full lines denote sewer lines.

Broken lines denote water mains.

Two lines denote sewer pipe and water main in same trench, water main being above sewer pipe.

For Western Ave. lots, - Water line is 2 1/2 to 3 feet inside front lot line.

- Drain in rear of lots.

For Park lots, - Drain between sidewalk and curb; water line directly over.

Distances in () denote distance for sewer connection measured from Manhole.

Distances along water mains are also measured from Manhole.
