Regular meeting Tuesday, ~~July~~ 21st, Mr. Feldman pres.

The new members accepted at this meeting were
Mrs. Chas. Tracey
Mr. Thos. Woods
Mr. Herbert Best.

Progress was reported by the sewer committee, \$420.00
having been collected to date and order for tile given
to the Albany Lumber Co.

The water situation was again discussed, Mr.
Feldman stating that he had been in communication
with Mr. Redmond of the P.S.C who told him that
the best proposition would be to go to Mr. Witbeck
and ask about putting in a filtering system and said
that if the Improvement Ass'n would go down on record
to pay higher rates the PSC would recommend such
procedure. It was suggested that a committee be
appointed to go to Mr. Witbeck. The matter was
discussed but not acted upon officially.

It was also suggested that an engineer be engaged to
make a survey with the idea of obtaining some
valuation of the present water supply system.
