SIGNIFICANCE

19. DATE OF INITIAL CONSTRUCTION: 1864  
 ARCHITECT: Unknown  
 BUILDER: Unknown

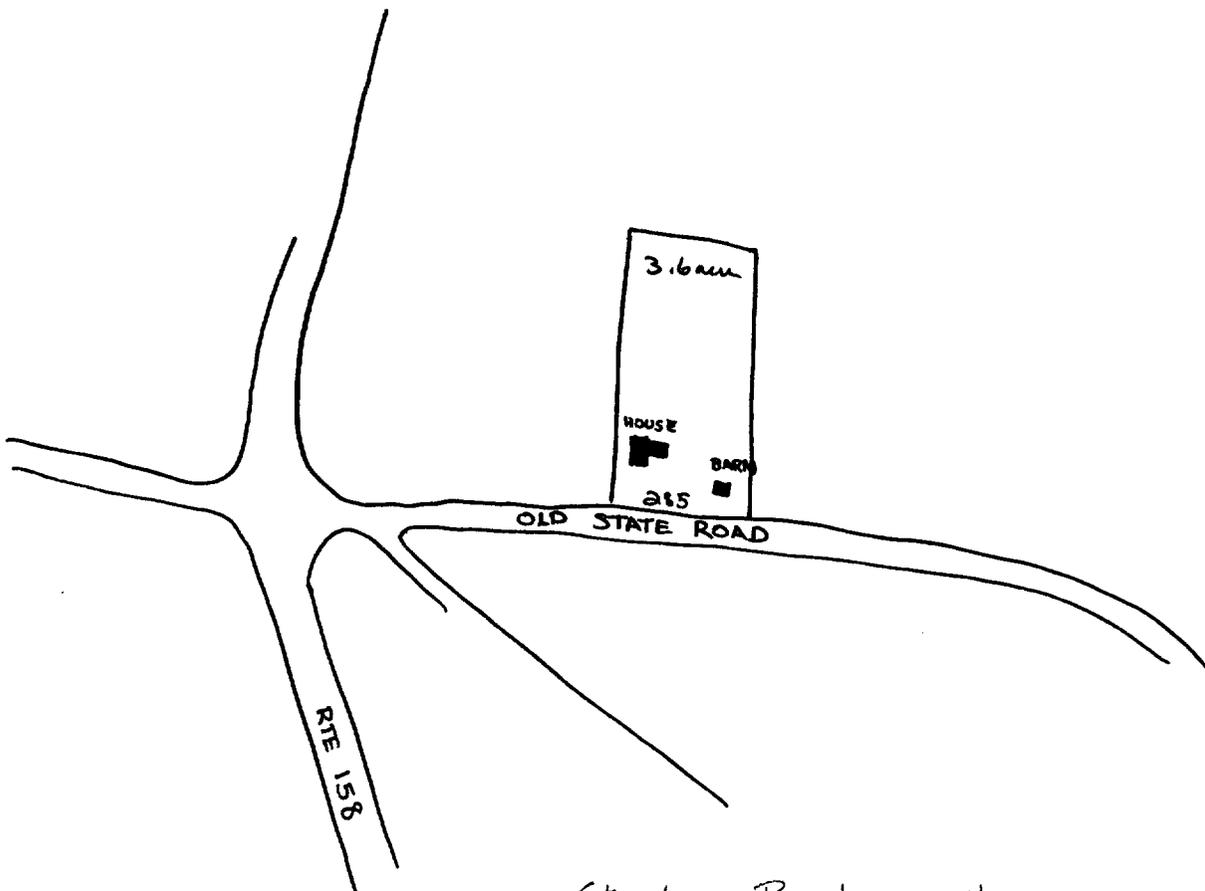

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:  
**This well-preserved 19th-century farmhouse has been in the  
 same family since its construction in 1864. It was built for  
 Stephen Pangburn, a local farmer, and is now occupied by his  
 great-grandson.** Details such as mitred arch window and door sur-  
 rounds, attic story windows, and scroll sawn brackets distinguish  
 the building. These and many original details on the interior sur-  
 vive intact. The building's continued association with descendants  
 of the Pangburn family and its architectural integrity contribute  
 to its local architectural and historical significance. Located  
 in an area upon which modern suburban development is encroaching,  
 the building stands out as a significant example of a nineteenth-  
 century Victorian farmhouse.
