

Rough

Minutes from 6/2/02 Mtg. McKownville Improvement Assoc.

Is there a piece of land by the pond near Stuyvesant Plaza that has been sold? \$45,000.
New Bldg owned by Water District?

Chamber lease will probably be renewed.

A lawsuit was filed about 3 yrs ago against the Town by the State of NY to fix the flooding.

After town repaved, some pipes underneath burst.

Culvert – Western to? Town felt it necessary to keep water level down

Retention pond behind Church – Pump House use as present

If we were to have park area access would have to be behind Liquor store at Stuyvesant Plaza

Were sketches made for a new office bldg (Jim says yes)

Is there a drawing as to who owns what?

We need the help of the Town & Stuyvesant and we need “free” access to park

Exchange part of land? With more people around may not need as much police presence.

Sitting area on east end

Over the long run Chamber not best use of bldg – short term lease – paint back of bldg & front
Money for pond improvement and fence – boundaries

Don, you think Stuyvesant is pressing for the office Bldg.

Who is liable if a chain link fence is put up?
