Don,

I just talked to my most likely candidate for the pond planning effort. I know him only as Bill, Jills father. Jill and Andy Beirman are my neighbors. Bill is an architect. You probably already know Bill, he has been to a couple of the McKownville meetings. Anyway, he said he has no expertise in this area, but, thought he might be able to convince somebody in his firm to help us out. We'll see... Just thought I'd let you know.

Regards,

David
