

**McKownville Improvement Association
Founded 1924**

**A Petition to Prevent the Construction by the New York State Thruway of the
Western Avenue Flyover**

The New York State Thruway announced at a June 2003 meeting that it was considering the construction of a Western Avenue flyover. It would conjoin the Thruway to the Northway for EZPass users, to reduce various problems including the significant congestion at Exit 24. While there is no doubt that Exit 24 problems need relief, the Thruway admits that the Western Avenue flyover is only one of dozens of ways to deal with the problems and it has put forth alternatives which would not require the construction of a Western Avenue flyover..

Inasmuch as the Western Avenue flyover would cause increased noise for persons living near the Thruway and Northway and Schoolhouse Road and Western Avenue—persons living on Schoolhouse, Vaughan, Country, Shady, Townwood Drive, McKown Road, Providence and other streets nearby, and inasmuch the Thruway admits that there are many other ways to relieve Exit 24 traffic problems, the undersigned hereby asks the New York State Thruway to abandon any further consideration of the Western Avenue. flyover. Moreover, persons living on these streets have asked for many years that sound barriers be provided on the Thruway and the Northway. Since much construction in this area is going to take place, in all likelihood, it is an opportune time to provide the much needed sound barriers for these residents.

Please print your name and address and add your signature on the line below.

The McKownville Improvement Association has been discussing the Western Avenue flyover for many months. Everyone in our neighborhood appears to be opposed to its construction. The necessity for sound barriers has met with equally widespread support. The results of this petition will for forwarded to the Thruway. You should be aware that our elected representatives Senator Neil Breslin, Assemblyman John McEneny, County legislators Frank Commisso, Mary Lou Bartolotta Connolly, and William Aylward, Town Supervisor Ken Runion, Town Board members Dave Bosworth, Michael Richard, Patty Slavick and Bruce Sherwin, Town Highway Superintendent Todd Gifford, and other elected officials have been very supportive of our opposition to the construction of the Western Avenue flyover.
