Don,

You are correct. The Schoolhouse and Johnston Road projects are not on the TIP because we are not spending federal funds.

Projects A461, Fuller Road/Washington Avenue Intersection Improvement, would provide federal funds for just that intersection.

We submitted this proposal and proposed a 2-lane roundabout. The level of service at this intersection is "F" and adding more lanes is not the answer.

However, the full funding for this project has not been approved yet. If you agree, your support and comment to CDTC could help.

Please call me (765-2055) if I can answer any of your questions.

Mike Franchini
