May 31, 2005

Dear Participant:

Re: Albany Corridor Study

The New York State Thruway Authority has completed the Albany Corridor Study. Copies of the *Albany Corridor Study Report*, dated April 2005, are available for review at the locations on the enclosed list. You may also view the Executive Summary and Summary of Comments and Responses on the Albany Corridor Study Web Site at www.thruway.state.ny.us/studies/albany/index/html.

The study forecasted needs and potential alternative solutions over the next 20 years. The next step will be to add projects described in the study to the capital plan as the need for those projects approaches. Once a project is programmed, the environmental review process starts. The first project to come out of the Albany Corridor Study is the Thruway Reconstruction between Interchanges 23 and 24 for which environmental work is currently underway. As this project and future projects are progressed, there will be additional opportunities for public input.

Thank you for your interest in the Albany Corridor Study.

Sincerely,

Wendy Allen
Director
Department of Planning Services
