

The Assembly
State of New York

JOHN J. McENENY
Member of Assembly

Oct. 16, 2006

Erin Crotty
DEC
625 Broadway
Albany, NY 12233

Dear Commissioner Crotty:

Given the prolonged problem of odors coming from the Albany City Landfill, I request a formal assessment of the air quality in and around the site.

All I have to go on so far is the thought that the odors are obnoxious but not poisonous. The city has tried many things to reduce or eliminate the problem, but none of them has worked and the problem remains. It is time we had some real science and know exactly what is in the air out there.

Sincerely,

A handwritten signature in black ink that reads "John J. McEneny". The signature is fluid and cursive, with a long horizontal stroke at the end.

John J. McEneny
Member of Assembly
