Hi

GREAT NEWS!

The McKownville Farm Stand--the Barber's farm stand---is open for the season beginning today, Wednesday July, 2, 2008--at the same location as last year--on McKown Road behind the Passonno Paint store.

It will be open at noon--and Monday through Saturday--but not the 4th of July--and every week until late September. The hours of operation of our beloved farm stand will be noon until 5:30 Monday through Friday and then on Saturday from 9 am until 1 pm.

As you know it has been a tough year for farmers---storms and hailstones and too much water and--well anyway the Barber's have toughed it out and now they are open for business.

So please tell your friends and come out and support a great farm and a great farm stand and a great New York State business--and right here in McKownville, our lovely little neighborhood.

Thank you.

Don Reeb

Monday through Saturday--
