Don - I can't make the meeting tomorrow night due to a prior commitment. I would like to comment on the alternate parking requirement for Parkwood. I strongly feel that alternate parking should continue on Parkwood - BUT there should be reasonable hours for cars to be moved, not midnight.

There are many more cars than houses when you first enter Parkwood St. Sometimes - even with alternate parking signs, it is difficult to impossible for two cars to travel in opposite directions at the same time --particularly as you enter from Western Ave.

There are many children that live on Parkwood. I'm always mindful of that fact going up and down that street, as children have a tendency (even the best!) to go out into the street in between parked cars.

Eliminating the alternate parking requirement would make a bad situation worse. I can't imagine why the fire department would want alternate parking removed. It would make it more difficult for an emergency vehicle to go down the street.

As usual, the agenda for the meeting sounds very interesting. Sorry that I have to miss it. Anita
