Hi Drew:

We will discuss this at the next Board meeting, as I said, but the Board meeting has been delayed until December 11.

Don

> Dear Don,
 > Marjorie and I moved into 10 Glenwood Street in 1973. Three years later,
 > when we were able to buy it outright from the estate of John Feldman, we
 > had it insulated with blown cellulose fiber.
 > The reason I am saying all this is that over the years, the fiber has
 > collapsed--so I guess--and it may be time to renew it. Toward that end I
 > was thinking of finding out how much it would cost to have some
 > engineering company use an infra-red sensing camera to discover just what
 > kind of heat loss we were experiencing. Of course, I have no idea how much
 > this sort of thing costs. And then I got to thinking about McKownville,
 > and the thought occurred to me that every property owner in McKownville
 > might like to "get in" on a house-by-house survey of its heat loss. Years
 > ago I never would have thought that anyone would be interested, but in the
 > present climate of energy conservation, if the McKownville Improvement
 > Association could push it, it might catch on. We would have to find out
 > who does this sort of thing, how much they would charge for a single
 > house, and how much per house they might charge for 200 houses.
 > What do you think?
 > Drew
 > P.S. I'll be leaving tomorrow for Jacksonville to visit my father but I'll
 > be back by the end of the week.
