

To Kathy Taboro and Michael Hoffman

Nearly a decade ago, the McKownville Improvement Association, when looking for a meeting place, approached Michael Hoffman and Kathy Tabora about the possibility of using a meeting room at the Holiday Inn Express.

To our great delight, they offered to let us use one of their meeting rooms----and without charge.

Some six to ten times each year since then Kathy and Mike have made one or more of their meeting rooms available to the neighborhood Association for our general monthly meetings.

What would we have done without them---certainly, we would have done less.

How much less, it is hard to say. But we probably would not have had as many improvements in McKownville: the sidewalk along McKown Road, the sidewalk along Western Avenue, the new bus patron waiting stations near Elmwood and at McKown Road, the new traffic lights and pedestrian crosswalk lights at Norwood and at Parkwood and at Fuller and the dozens of other improvements

Therefore, the Association would like to honor Michael Hoffman and Kathy Tabora for helping McKownville become a better neighborhood.

You have been a good neighbor, and for that service, the McKownville Improvement Association would like to present you with Our Outstanding Neighbor Award.
