My plan for the meeting is----

[dreeb@albany.edu...](#)

let everyone offer ideas that wants to and take careful notes
(on this I could use much help, please)

Personal

Travel

circulate six clip boards with letters to Cuomo,
McEnery, Breslin, Runion, Jennings and Philp asking audience
members to sign

Donald Reeb

ask for volunteers for a working committee---to meet
quickly and often to figure out a way prevent this tragedy from
occurring

Search, add, or invite

I intend to begin the meeting with a very brief introduction of the
property, what has happened, answer questions and distribute
copies of the addresses with encouragement to audience
members to write their own letters, make their own calls, send
their own emails to Cuomo etc. Some of this will be repetitive for
those who have been receiving emails but much will be new
to many since it will describe what I have been doing.

Additional suggestions for the meeting????????????????

Question--if we begged for contributions to fight the University
how much do you think we could raise during the coming year?

See you tomorrow night

No ice cream will be served.this time.
