Dear Mr. Reeb,

This spring a section of the noise barrier will be extended near Sand Pine Lane and McKown Road.

The remainder of the noise barriers along the Exit 23-24 Corridor will be installed this fall or in the spring of 2013.

The noise barriers were originally scheduled for completion in the third construction season, in 2013. Favorable weather during the 2011 construction season allowed for an earlier start on some of the noise barrier sections.

Construction of the new pavement will be accomplished in 2012 and 2013.

More information on this project can be found at <http://www.thruway.ny.gov/projectsandstudies/projects/i23-i24/index.html> .

If you have further questions or comment regarding the Thruway, please contact Public Information at public.info@thruway.ny.gov.

Sincerely,
Office of Public Affairs
New York State Thruway Authority

=====
When are the remaining sound barriers going to be installed
between Exits 23 and 24?
