Hi Steve. FYI, Don Reeb sent me the below message late yesterday and also called me just now to follow up. For his meeting tonight I passed along this info:

- Bids were opened on schedule on 3/20/2014.
- The low bidder was Callanan Industries.
- Their bid was higher than our estimate, so is currently being reviewed.
- We anticipate moving forward with the contract being awarded to Callanan.
- Award is expected by mid May.
- Construction should begin in late May / early June.
- We do not know when the Contractor will choose to complete the work in McKownville.

Geoff

Just checking in again.

Our monthly meeting is tomorrow and wanted to know what progress I can report concerning our sidewalks.

Thanks.

Don Reeb
