To Whom it May Concern:

My name is Mark Macomber and I reside at 1430 Western Ave, just two doors down from the proposed property variances. I will be unable to appear tonight do to my flight schedule.

As you may know, the Macomber Family has resided at this residence since 1937, when my father, Dr. W.B. Macomber, built it. We have seen Western Ave. go from a two lane country road to terrifying highway nightmare. As you are aware, it seems as though we have a traffic accident almost weekly, some fatal. The expansion of this property will only diminish any safety on Western. There are several young children living in the adjacent properties and I suspect that Westlyn Court will be used for additional parking and as an entrance to the proposed office, with the increased traffic posing very real safety concerns for not only the children, but the numerous older residents on Westlyn Court.

I have appeared before you on numerous occasions with concerns of the property on the other side of my residence, which was a "mom and pop" electrical store and is now expended to two businesses and an apartment with several residents, hardly what it was designed for.
