

McKownville Improvement Association
Public Meeting
Thursday, September 19, 2019
7:00 to 9:00 p.m.
Hampton Inn, 1442 Western Avenue

Please plan to attend our September meeting to hear the latest updates from Delaware Engineering on the stormwater drainage and drinking water projects. Also speaking and answering questions will be Laurel Bohl, candidate for the Guilderland Town Board.

Important Update on the website and Association mailing list:

We will soon move our existing list of email contacts to the mckownville.org website host email system. If you want to continue to receive email announcements from us, and we certainly hope that you do, please read the essential information on the back of this announcement. At the September meeting you will have the opportunity to ask any questions you may have about the opt-in process.

Other News:

In addition to the ongoing water projects, this summer has proven to be a very busy construction season here in McKownville. Demolition of the houses on Sandidge Way has been completed and Dawn Homes has begun site work for the construction of seven five-story apartment buildings along Fuller Road. The CoreLife restaurant building at 1229 Western Avenue next to the University entrance is completed and is now open for business. The former Passonno Paints building has been demolished to make way for a new urgent care and dental facility, necessitating the removal of the Barbers' farm stand for the remainder of the season. We look forward to seeing them back in McKownville next year!

Many thanks to Wallace Auto Care for kindly offering to allow the Barbers to relocate across the street at 1436 Western Avenue. Between the closure of McKown Road and the limited space available that just wasn't a practical solution.

McKownville Improvement Association Officers and Board Members
