Funk	Funk
Seim	Higsley
Garrison	Yonkers
Yonkers	Frederick
Ammenheuter	
Mr. Weiler	
Conklyn	
Tracy	
Woods	

It was reported at this meeting that the sewer was completed. Pres. Feldman stating that he preferred to await the final report from the Chairman of the committee, Mr. Sanders who was not present at the meeting.

Mr. Feldman announced at this meeting that we would in about a week's time, have better mail delivery service; that he had received notice that there would be two deliveries a day ^{& two collections} instead of the one which we now have.

As the result of a request to the State Highway commission that something be done about the accumulation of water at the junction of Glenwood and Western, some attempt was made to remedy the situation. At the time of this meeting it seemed that the result of these efforts was not very satisfactory. Motion was made and seconded that the Association write a letter to the Town Board appraising them of the situation
