

McKOWNVILLE IMPROVEMENT ASSOCIATION

FIRE HOUSE
McKOWNVILLE, ALBANY, N. Y.

To All Residents Concerned:

The unusually long spell of dry weather prevailing at the present time has caused many of our streets to become dusty to the point where it is now a matter which concerns the community at large. This condition has been discussed by residents on most streets affected and several reports have been made to various members of the Board of Directors.

A meeting of the Board of Directors was held at the Fire House on Tuesday, April 28, and the unanimous opinion of a mass meeting was adopted. We will, therefore, hold a mass meeting Wednesday evening, June 5, eight o'clock at the Fire House.

We feel that everyone in our community should be sufficiently interested to attend this meeting and while this letter is mailed to "the man of the house" we do feel that the lady is even more concerned. She must tolerate the "wave of dust" day after day and we hope you will bring the lady along with you to the meeting.

No mere handful of willing workers can be of much assistance since the community at large must have the opportunity of a general discussion on this matter. It is really to the interest of every resident.

The Time - Wednesday Evening 8 o'clock
The Place - Fire House
