1 July 1955

Mr. John J. Welsh
Town Supervisor
Town of Guilderland
Guilderland, New York

Dear Mr. Welsh:

At a recent meeting of the McKownville Improvement Association the following recommendations were made:

1. We would like to request the Town Board to charge each individual house owner for connection to the new water mains and also that they be required to connect to the new lines as they are installed.
2. It has been suggested that we request the Town Board to notify the residents of the Ayer Development that when we are supplying water to them they be informed it is to be for domestic use only - they are not to use it for sprinkling purposes. Also, we would like the Town Board to take measures to collect the water rent due us from the Glenn Water Co.
3. Once again we would like to request the Town Board to put an ordinance on the books whereby when it becomes necessary to curtail the use of the water at any time, for any reason, there can be a penalty levied against those residents who do not conform to the rules.
4. The Improvement Association wishes to go on record as being in favor of the Town Board instituting a building code for the town of Guilderland.

Very truly yours,

McKOWNVILLE IMPROVEMENT ASSOCIATION

Louise H. Comstock
Secretary
