

1957

McKownville Improvement Association

Dear Neighbor and Fellow Resident:

There will be a meeting of the McKownville Improvement Association at 8:00 p. m., Tuesday, November 12, 1957, in the library of the Westmere Elementary School. At this time we are hopeful of having a guest speaker from the New York State Department of Public Works, who will inform us of McKownville's relationship to the route of the proposed Albany Arterial network. As you know this issue is of vital importance to our community since it may create problems similar to those resulting from the construction of the New York State Thruway.

In the course of the evening a report on the condition of our water district will be presented by the chairman of that committee. Also, we hope to have those members present aid our officers and directors draw up a program beneficial to our community that we may pursue in the coming year.

Your Improvement Association has now been serving McKownville since 1924 and has been instrumental in bringing about many accomplishments, to make the hamlet a better place in which to live. During these years the association has tried to be forward-looking and progressive, with one of its chief aims, that of keeping the residents informed on community problems and their desired solutions. In the coming year we hope to broaden this information service by increasing the number of bulletins and notices mailed to the members.

To accomplish this work and to aid in furthering our other programs we need your membership. If you desire to join us or to continue your membership please fill in the attached application blank and mail it with your dues (\$1.00 per year) to the secretary.

McKownville Improvement Association

William D. Mohr, President.

To: Mrs. Edward C. Zyniecki, Jr.
3 Country Road,
McKownville,
Albany 3, New York.
