January 7, 1964

Mr. Gerald W. Hamme
30 Norwood Street
McKownville
Albany 3, New York

Dear Mr. Hamme:

Further to our telephone conversation Saturday regarding a much needed traffic light in McKownville. Would it be possible for you to advise me of any further developments regarding this matter after your official meeting this month. I would appreciate this sent in care of the Ladies Auxiliary Of The McKownville Fire Department, to be read at our next meeting, as this matter is a concern to all of us. We are anxious to be kept in contact on all developments, and aid the Improvement Association in whatever way we can in order to see this request go through. Do you feel that more petitions and/or individual correspondence would fall on deaf ears as far as the Traffic Commissioner is concerned?

Thank you for your kind attention.

Yours very truly,

Mrs. Richard A. Gallagher
President, Ladies Auxiliary
McKownville Fire Department
