Please send your suggestions to the Nominating Committee promptly. We need additional representatives from Highland Drive, Providence St., Birchmont District, etc.

The following Directors continue to 1967 - Messrs. Hannan, Hurley and Peer. To 1966 - Messrs. Feldmann, Purdy and Quackenbush.

At the Annual Meeting we should ask how members feel about the sale of water to Three Hills Terrace, at the proposed \$40 a year rate per home. The Town Attorney states there will be no contract; hence no termination date, no limit to water volume sold (other than pipe size limit) and no restriction on supplying new homes (except formal land subdivision of 5 homes or more).

The Water Resources Commission is now reviewing the proposal to spend \$42,000 for new pumps and filters. The Three Hills Case may come before the Commission for approval soon.

Hugh Prytherch
