

# The McKownville Improvement Association

5-5-66

McKOWNVILLE  
ALBANY 3, NEW YORK

Annual public meeting of the Association is scheduled for Tuesday, May 17th at 8:00 P.M. Please reserve date. Suggestions on the program are requested.

A proposal to consolidate the Birchmont and McKownville Water Districts will be considered by the Town Board at 8:30 P.M. on Tuesday, May 10. Messrs. Purdy and Feldmann are reviewing details.

The Town Officials are working on plans for a Sewage Disposal system, to comply with State Orders. This will probably serve an area much larger than the present McKownville Sewer District and will depend on what agreements for joint participation can be negotiated with the City of Albany, Town of Colonie or possibly a County Sewer Authority.

To Directors and Officers

*Hugh Purdy*
