

14 Glenwood Street

July 14, 1966

Mr. Carl J. Walters, Supervisor
Town of Guilderland
Guilderland, New York

Dear Mr. Walters:

Thousands of students will soon attend classes on the State University campus for the time. It is essential that "Dead End" signs be placed on the following streets, not only as a public service to out-of-town visitors, but also to eliminate needless traffic on these streets:

Parkwood Street
Glenwood Street
Waverly Place
Knowles Terrace

We have a "Dead End" sign on Norwood Street now.

If the Town does not have support posts, why not fasten the sign to the back of the "Stop" Sign on each street.

I was instructed to get some action on this matter at the last meeting of our association. Visitor traffic is already quite heavy on week-ends.

Sincerely,

President
