Re: Complaint 67-52
~~Smoke from State University~~
Albany, New York

Dear Mr. Sickles:

We have received your air pollution complaint and are referring it to the Albany Regional Office for investigation.

If, after a reasonable period of time you feel that an air pollution problem still exists, please feel free to contact us.

Sincerely yours,

Jack D. Lauber

Neighboring residents are complaining of
soot accumulation on cars, window sills and
siding. In winter, lawn snow is blanketed with soot.
Haze in atmosphere is often evident, foliage on
trees discolored.

Primary concern is the well-being and
health of the neighboring residents and
especially our
