Re- McKownville Sewer \_\_\_\_\_

In the Times Union News paper of September 20th, 1967 it stated that the State Approves Sewer Funds for Coeymans and that the Coeymans Hamlet Sewer District is to receive the sum of \$495,000.00 which sum is approximately 40% of the contract price of \$1,292,360.00. It was also reported that an application of 25% of Federal Aid is contemplated. With this special aid the taxpayers will save approximately \$33.00 to the average homeowner.

In view of ~~this~~ report and the fact that McKownville is faced with a similar project I would recommend that the McKownville Improvement Assoc. ~~Address~~ a letter to the Town Board of Guilderland requesting them to investigate this situation to the end that a demand be made to the State of New York also application to the Federal Government for approval of funds for the proposed McKownville Sewer District.

Respectfully submitted,

John F. Feldmann,
