

# Guilder

3/13/68  
By BILL BLANDO

The Guilderland Town Board apparently has put the finishing touches to a gas station controversy with the adoption last night of an amendment to the zoning ordinance. The revision would restrict "filling stations" to industrially zoned areas.

Thus, it would appear that the twin applications for special use permits and variances filed by Joseph S. Calabro has no chance for favorable consideration by the Town's Zoning Board of Appeals.

Mr. Calabro filed his applications with the Board of Appeals last month.
