Mr. John Esler  
19 Elmwood Street  
Albany, NY 12203

Dear John:

Enclosed herein is a sample of a form that I feel will assist us in maintaining a closer vigilance on Parkwood and Elmwood Streets in reference to the parking problem.

The officer on the day tour will carry this form in the Patrol vehicle and will be required to fill in the appropriate spaces along with his other paper work. In this way, the officer will be more cognizant of the situation and dispose, or hopefully limit this hazard and inconvenience to the McKownville residents.

As I mentioned to you in our telephone conversation, you or any other resident are welcome to call and inquire about the issuance of summonses or stop by here and examine the files to this area in question. I appreciate you bringing the problem to my attention and I remain

Sincerely yours,

  
James R. Murley
