December 11, 1974

Mr. Fred Abele, Chairman
McKownville Water Advisory Board
27 Warren Street
Albany, New York 12203

Dear Fred:

During the past year there have been several events of major consequence to the McKownville--Birchmont Water District. As a rather new member of the District Water Advisory Board, I have had the feeling that the District may be suffering because of a lack of my participation in the decision-making process that accompanies such an effort.

Fred, I realize that these are busy times for all of us, but I believe that, having accepted an appointment to the Advisory Board, I must serve with diligence and interest, or not at all.

Therefore, I must ask you at this time to exercise your prerogative as our chairman and call a Board meeting before the year is out.

Very truly yours,

John E. Esler
President
