McKOWNVILLE  
ALBANY 3, NEW YORK

January 14, 1975

Mr. Carl Walters, Supervisor, and  
Members of the Town Board  
Town of Guilderland  
Town Hall  
McCormack's Corners  
Guilderland, New York 12084

RE: Medical Practice at 1461 Western Avenue

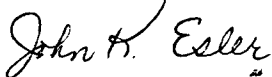

Dear Sirs:

It has been almost three years since the subject business was recognized officially as a violation of the Town Zoning Law regarding permitted uses in a residentially-zoned area.

As you know, our residents have attended numerous meetings, served on your committee to study the situation, and always sought your cooperation in enforcing the law in this matter. Even more disturbing is the fact that it has been six months since a hearing was scheduled for the owner of this business to answer the Town's citation. We realize that the wheels of justice are reputed to grind slow, but this situation is a mockery.

The matter at this time is solely in your hands. You have the law to enforce, and the Lawyers and Town Justice to help enforce it. We, the residents of McKownville, are growing increasingly impatient with the situation and respectfully request that you respond with your appropriate administrative and legal actions to bring this matter to a close.

Yours truly,

John K. Esler  
President
