Dear Mr. Reeb:

I read your letter addressed to Commissioner William Hennessy with great interest. Thank you for the copy.

Your Association raises some very legitimate questions and concern. My experience with Commissioner Hennessy and his department has been very positive and I have found them to be very receptive to many of our concerns. I am sure his staff will have well-explained answers to these questions.

If there is any difficulty and/or dissatisfaction, please contact me and I will do whatever I can to assist you.

Best of luck.

Very truly yours,

James J. Coyne
