New York State Association for Retarded Children  
419 Madison Ave.  
Albany, N.Y. 12210

Gentlemen,

Please excuse the late reply to your letter requesting our approval of the establishment of a community residence at 1457 Western Ave. in the hamlet of McKownville. The Town Board met on November 9th and discussed the issue.

We have agreed to support this concept on the basis that you have assured us that you have received an affirmative reply from the President of the McKownville Improvement Association and because consensus on the Board indicated a good feeling toward such a project. It may be well to also relate, however, that there was some apprehension in the Town Board's deliberation about the final outcome and we cannot guarantee the acceptance by all our citizenry.

With every good wish for success, I remain

Very truly yours,

Carl J. Walters for  
The Guilderland Town Board
