

# The McKownville Improvement Association

---

MONTHLY MEETING 8 PM TUESDAY FEBRUARY 6 -1979

The agenda for this Winter meeting will include the sketches done by the Crossgates Mall people of the recreation facilities at our reservoir and at the McKown Grove site. The sketches have been loaned to us by Mr. Carl Walters for the meeting.

A second item on the agenda is the proposed "community residence" at 1457 Western Avenue to be operated by the Association for Retarded Children.

The Environmental Base Analysis of the Pine Bush done by the Saratoga Associates for the consortium of local governments and EnCon is available in first draft form. The Association should consider making a formal response to the governments about the report.

And, of course, taxes, zoning, and other matters need also be discussed.

Please come, bring a friend, and participate.

\*\*\*\*\*

Don Reeb, President, 5 Norwood, 489-3909  
Steve Harausz, Vice-president, 1445 Western, 489-3855
