Gentlemen:

We hereby register a formal protest against the removal of the traffic light in McKownville, at the corner of McKown Road and Western Avenue.

Our business has been located in this Western Avenue vicinity for the past forty (40) years, and realize the need for every possible protection from traffic on this stretch of road.

We have hundreds of cars making entry and exit to our store along with twenty (20) employees. In many cases they exit around the building to McKown Road, wait for the light and then enter the traffic pattern, either to the west or east.

The light also allows a break in traffic for every business on the south side, and permits customers, and employees to pull out during the interim.

I am sure all of the other businessmen will concur with this explanation.

We would appreciate having the light re-installed at the earliest possible time.

Very truly yours,  
TUSANG-BARHYDT, INC.
