

2 Gabriel Terrace  
Albany, New York 12203  
March 13, 1980

Mr. Carl Walters, Supervisor  
Town of Guilderland  
McCormack's Corners  
Guilderland, New York 12084

Dear Mr. Walters:

I have been informed by Mr. Dennis Tyson, Superintendent, Department of Water and Waste Water Management, that the waters of the McKownville Reservoir have not been tested nor has the watershed been inspected since 1973.

This appears to be in violation of the Rules and Regulations governing this Class A water supply (NYCRR 100.17) and the New York State Sanitary Code.

I am sure that the Town Board will act promptly to correct this matter. We cannot afford to overlook protective action that ensures protection of a valuable asset such as a water supply.

Very truly yours,

Anne L. Gaffney  
County Legislator
