

The McKownville Improvement Association

McKOWNVILLE
ALBANY 3, NEW YORK

1980

The United Bank of New York at 1450 Western Avenue--the big, black building on Western Avenue between Tom Sawyer's and The Vineyard restaurant--has requested a parking variance, permission to build a branch bank near the Vineyard, a sign variance, a traffic light, and an additional entrance. The basic request is for the branch banking office with 6 inside tellers and two automobile tellers.

This will increase ^{significantly} ~~sufficiently~~ the number of left hand turns off and on Western Avenue. If the United Bank wants to have a small branch bank in the main building for its employees, that is understandable. But--we do not need one MORE commercial development in McKownville!

PLEASE -- come to the Zoning Board Meeting --- 8 p.m., Town Hall this Friday, June 27 --- call Carl Walters...356-1980 and tell him of your opposition to the commercialization of McKownville.....

and bring a neighbor to the Zoning Board meeting!
