Mr. Don Reeb
McKownville Improvement Association
5 Forwood Street
McKownville, NY 12203

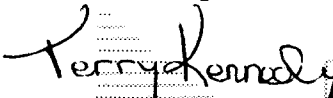

Dear Don:

Unfortunately, I'm finding that my job responsibilities are becoming so numerous that involvement in other outside activities is becoming quite impossible. For this reason, I'm not going to be able to continue working on the Committee Researching Incorporation.

I am interested in being involved, but it's not fair to the group for me to not come to meetings because I'm extremely busy with the residence business. It is much better for me to back out and allow someone else to take my place.

Please accept my apology for any inconvenience that this may cause you or the group. As a voter and resident of McKownville, I will back your effort to incorporate the village.

Sincerely,

Terry Kennedy, *kpm*
