2476 Guildbrook Ave.  
Schuylady, NY

Overtrage:

Recently a corporation, Mc Kown Grove, Inc., filed notice that they plan to erect a 16,000 sq. foot office building on a site adjacent to the 21st Point/Club, Mc Kown Road, Albany, NY 12203. The site where the construction is to take place is presently a pond on the Krumhill waterway. The developers plan to drain the pond and move about 150 feet of the waterway so that it flows around the perimeter of the proposed office building.

This may require a permit from your department. If it does require a permit and a hearing on the proposal is held, please notify <sup>me</sup> of the time and place of such hearing.

Thank you
